

The Seneca Falls Town Board held a regular monthly Meeting on Tuesday, May 3, 2022 in the Town Hall Meeting Room, 130 Ovid Street.

Present were Supervisor Michael Ferrara; Councilpersons Frank Sinicropi, Steven Churchill, Dawn Dyson and Kaitlyn Laskoski. Also present were Patrick Morrell, Attorney for the Town; Peter Porcelli, Zoning Officer; Stuart Peenstra, Police Chief; Deborah VonWald, Assessor and Peter Baker, Town Engineer.

Supervisor Ferrara opened the regular monthly Meeting at 6:00 P.M. A roll call of Board Members was taken and all were present; the Pledge of Allegiance followed.

Mr. Ferrara mentioned that they there are some issues on Rt. 414 – bad sewer and gas smell. The Town Engineer and Water and Sewer have been there most of the day working on the problem. Mr. Baker said they met with some of the businesses, and they have a better handle on timing and when the issues happened. Hopefully, tomorrow they can come up with a plan of action. Mr. Ferrara said we will be notifying SMII to halt putting the leachate into the system for the time being until they figure out what the problem is.

Petitioners:

James Wade – Sidewalks & Police: James Wade stated he is legally blind, and is here to talk about sidewalks – people parking their cars across sidewalks or partly on sidewalks; if he doesn't see them he will run into them. He has been calling in more complaints to the Police, and he discovered that the only action they take is to tell them to move their car. It doesn't matter how many times they do it – that's not how to prevent someone from doing something again.

Mr. Wade said when he was out walking his dog, he observed two people on go-carts riding up Garden Street towards White Street – they go on the streets and on the sidewalks. He observed this again the next day, and he called the Police; he continued his walk and saw them again. The PD were able to catch up with them on Green Street. Today, when he went out for a walk, the same people were riding through Stephanie Court and down the street. He called Police again. Later, he encountered the Officer and inquired as to what was done, and he said he told them to stay off the street. Mr. Ferrara asked if there was something we could help him with. Mr. Wade replied get the Police Department to do what they are being paid for. Mr. Ferrara asked Mr. Wade if he met with the Police Chief or Lieutenant; Mr. Wade replied in the past. Mr. Ferrara suggested Mr. Wade set up another Meeting. Mr. Wade replied he considers that totally useless – they know their job that they are getting paid for. He talked to people in the Town and asked if they called the Police if they had something to complain about; their response was why – nothing is going to happen. Mr. Ferrara stated he respectfully disagrees with Mr. Wade. We have a very fine Police Department and they try to be fair and equitable.

Kierstin Shimmel – Speeding/Sign of Route 5 & 20: Kierstin Shimmel mentioned the sign on Route 5 & 20 with some vulgarity on it, and said she was riding with a friend and her 6 year old grandson who was sounding out words. He sounded out the word that rhymes with truck. She referred to the handout she gave the Board Members which is a New York State Law, and mentioned two places – one is a political sign within much closer than 660 feet of a highway (which is Route 5 & 20). She said Paragraph B says it's a political statement and has nothing to do with freedom of speech. It's been up more than 30 days after an election. Her question to the Board is – is this something we would be looking to the State Police to take care of? She has no problem calling them if this is something they think she should do. She understands there has been a number of complaints.

Mr. Ferrara stated there has been a number of complaints. We are currently working on trying to deal with signs within the law. The key factor is the right-of-way; the sign being referred to is on his house. He doesn't think Paragraph B refers to people's houses. Ms. Shimmel said in terms of a right-of-way, it's a political sign and has been up much longer than it should be. Mr. Ferrara mentioned that it's not in the right-of-way. After lengthy discussion, Mr. Ferrara said the Planning and Zoning Committee is working on some new zoning laws that would hopefully take away political signs of this nature.

Ms. Shimmel stated she lives at 33 E. Bayard Street which runs all the way down to Cayuga Lake. People do not speed in Waterloo because they know they are going to get ticketed. She noticed our Police Officers are speeding. She knows this because she has a job at the College; if she saw a Police Officer that was speeding, she would get in her car and follow them. They were speeding – they were not going to a call. Ms. Shimmel said this did not always happen – this is something relatively new. If we can't get people to stop speeding, then perhaps we can get one of the traffic light-up things which shows speeds. Mr. Ferrara stated we have signs that the Police Department moves around in different locations. Chief Peenstra stated they can't find a place to put the trailer; Ms. Shimmel said they can put it in her driveway. The Chief addressed the issue of speeding Police

vehicles, and asked Ms. Shimmel to note the date and time and report those to him.

Dan Babbitt: Dan Babbitt, Sr. referred to the article in the paper about the PFAS concern. The article picked on fast foods – the containers, etc. They checked the amount of PFAS chemicals in just the paper products – they checked for parts per million; take out containers – 5.6 parts per million. Mr. Babbitt said if anyone is concerned about this material, you might want to consider bringing your own containers from home. He mentioned the parts per million in paper plates, cardboard, containers and paper bags. He thinks everyone should be aware that these are not the only places where they are (PFAS).

Jean Gilroy: Jean Gilroy referred to the Rt. 5 & 20 sign with profanity, and said she appreciates zoning is working on it, but this guy has to be grandfathered; what is the Board going to do about him now. Mr. Ferrara replied he doesn't have a really good answer. He asked – what would you suggest we do? He wishes he had the authority to do something about it. He doesn't think he's grandfathered in.

Kyle Black: Kyle Black presented a check to the Board which represents the 1st quarter HCA payment.

At 6:26 P.M. a motion was made to go into Executive Session to discuss the employment history of particular Town personnel, under Public Officer's Law Section 105(f), by Frank Sinicropi and seconded by Dawn Dyson. No questions. Motion carried 5 ayes, 0 nays.

Old Business:

Sale of Surplus Property – 115 Fall Street: Mr. Morrell stated they have a closing date of May 10th to close on 115 Fall Street; adjustments will be made as of May 10th.

Mr. Ferrara referred to 60 State Street and said we are getting close to closing. Mr. Morrell stated he is working with the Buyers' Attorneys who have questions about the extent of property involved there. There was some misunderstanding about what property the Town actually owns as opposed to the railroad and Park. They cleared up that issue and are proceeding. Mr. Ferrara mentioned that is part of the DRI Project; that property is ready to move forward.

Provide Electrical Service to the Water Fountain: Mr. Ferrara stated this was not budgeted for in the 2022 Budget. The Town was given the water fountain by the Canal Corporation. He said in 2021, the Board was not in favor of spending about \$33,000 to bring permanent electricity to the fountain. He doesn't know where the Board wants to go with this. He can reach out to the SF Development Corporation to seek donations if the Board wants to approach it that way. Mr. Sinicropi said he thinks that is a good way to start. Mr. Ferrara will reach out to them.

New Business:

Approval of Special Events: A motion was made by Kaitlyn Laskoski and seconded by Dawn Dyson to approve the following special Events as they are a benefit to the Community:

- Kirk Casey American Legion Post 366 Memorial Day Parade on May 30, 2022.

Reports: Mr. Ferrara stated the Board has received reports from the Departments, as well as MRB Group and Barton & Loguidice, and asked if there were any questions. There were no questions.

Highway Resolution – Transfer Funds for Veterans Bridge Repairs: A motion was made by Frank Sinicropi and seconded by Dawn Dyson to adopt the following resolution:

WHEREAS, the Highway Department would like to move \$40,000 from the Contingency Fund A1990.400, and put it in the Bridge Fund A5120.400. We have \$106,258.00 in the Bridge Fund now and need another \$40,000 to complete the Project. We applied for grants a couple of times through Bridge NY and was turned down every time; and

WHEREAS, the Highway Department will use this money for the repair of Veterans Bridge expansion joints that are in dire need of being replaced.

NOW, THEREFORE, BE IT RESOLVED, that the Seneca Falls Town Board does hereby authorize the transfer of \$40,000 from A1990.400 to A5120.400 to complete the Veterans Bridge Project. This is not budgeted for 2022.

Mr. Ferrara stated this is an ongoing issue - the Town gets flagged from DOT every year. Money has been put aside for this over the years. A meeting was held with Engineer Matt Schooley of Barton & Loguidice, and RFPs will be going out. Mr. Ferrara mentioned that the cost is estimated to be about \$140,000.

The above motion made by Frank Sinicropi and seconded by Dawn Dyson to adopt the above resolution authorizing the transfer of funds for Veterans Bridge repairs was carried 5 ayes, 0 nays.

Highway Resolution – Fill Vacant Motor Equipment Operator Light Position: A motion was made by Frank Sinicropi and seconded by Kaitlyn Laskoski to adopt the following resolution:

WHEREAS, the Highway Department would like to hire a Motor Equipment Operator Light to replace the one that left; and

WHEREAS, the Highway Department will use this person to perform all the duties of motor equipment light. This person has worked for the Seneca County Highway Department and will be a good fit in our Department. This will make for an easy transition.

NOW, THEREFORE, BE IT RESOLVED, that the Seneca Falls Town Board does hereby authorize the hiring of Nash Ridley as a Motor Equipment Operator Light starting at \$20.50 an hour.

No questions. Motion carried 5 ayes, 0 nays.

Frank Sinicropi – Solid Waste Committee: Mr. Sinicropi stated the Solid Waste Committee met, and things are going pretty good with the businesses. They are doing the organic composting, and it's going very well. He said the Citizen part is not going very well – they are not getting that much participation. He said at the Meeting, they felt that doing something on social media might help. They talked about doing a small postcard, and he met with a vendor to see what it would cost. The cost would be between .40 and .50 per postcard to send out to approximately 3,000 household. We could spend between \$1,500-\$1,700 to try to encourage people to do this organic composting. Mr. Sinicropi stated the Committee is serious about getting people to do organic composting here in this Community. We have to let people know that the Board is in favor of it, and the bins are at the Highway Department. They want to put bins in other places, but the State regulations are so restrictive; every site has to be a transfer station and a person has to sit there – it's not cost-effective.

Mr. Churchill asked if the Town's broadcast system can be used for that; Mr. Ferrara replied yes. He told Mr. Sinicropi that Ms. Destino will be talking to him soon – she is looking at some grants that would tie into organic waste type of thing. He said if we are able to get a grant, the ultimate goal would be to have an organic waste dispenser in everybody's home and pick it up.

Mr. Sinicropi mentioned that there is one vacancy on the Committee. Ms. Shimmel volunteered to be on the Committee. Mr. Sinicropi thanked Ms. Shimmel for volunteering.

Mr. Sinicropi stated he secured a number of five-gallon pails from the Water Treatment Plant. They may hand out five-gallon pails with lids that people can use to put organic waste in and bring it to the Town Highway. Also, they want to bring some of those pails to the Farmers Market where people can dump their waste in. further discussion followed

FYI – Spring Brush Pickup – May 23, 2022: Mr. Ferrara reminded everyone that the brush and leaves pickup will be May 23rd; they must be at roadside on May 22nd as they will be making only one pass on each street.

W/S Resolution – Purchase John Deere X758 Tractor: A motion was made by Frank Sinicropi and seconded by Kaitlyn Laskoski to adopt the following resolution:

WHEREAS, the Water Treatment Plant has approximately 7 acres to mow and maintain; and

WHEREAS, the current zero turn mower is in need of extensive repair.

NOW, THEREFORE, BE IT RESOLVED, that the Seneca Falls Town Board approves the trade-in of said zero turn mower and the purchase of a John Deere X758 tractor from LandPro Equipment LLC of Savannah, NY. Total balance due after trade-in is \$8,530.78.

This will be a State bid purchase under NYS Contract #PC68131.

This is a budgeted expense for 2022 under line F8330.204, Equipment Replacement.

Mr. Morrell asked if the mower that is going to be traded in has been surplused; Mr. Ferrara replied he didn't think so. Mr. Morrell recommended that the motion be amended to include the 2016 Ferris mower to be surplused.

A motion was made by Michael Ferrara and seconded by Frank Sinicropi to amend the above motion to purchase a John Deere X758 Tractor to include surplusing the 2016 Ferris mower. No questions. Motion carried 5 ayes, 0 nays.

Mr. Churchill said he has a problem with this – we have a 2016 Ferris piece of equipment which is a quality piece of equipment that had probably five years of use, and already is in need of extensive repair. Don't we take care of equipment? He has concerns of that. Mrs. Laskoski asked how many acres do they mow; Mr. Ferrara replied seven acres. Mrs. Loskoski asked how often do they service the mower; Mr. Varricchio replied he services it every year. He added the problem is there is a piece of frame that probably had a bad weld from the factory that split; it's out of warranty. He said the reason they are switching to a riding tractor is because he doesn't think the zero turn mower was the right piece of equipment because of the slopes and the way everything is. Mr. Varricchio mentioned that the quote from Martins to fix it is \$3,500, and they are giving \$4700 for trade-in. Mr. Ferrara said he is assuming equipment is on a maintenance schedule; Mr. Varricchio replied yes. He asked if the Sewer Department is on a maintenance schedule; Mr. Devay replied yes, it is. Mr. Ferrara said he knows the Highway Department is.

The above motion made by Frank Sinicropi and seconded by Kaitlyn Laskoski to adopt the above resolution to purchase a John Deere X758 tractor as amended to include surplusing the 2016 Ferris mower was carried 5 ayes, 0 nays.

WHEREAS, a \$3.00 per hour increase, retroactive to April 1, 2022 is recommended based on these additional responsibilities.

NOW, THEREFORE, BE IT RESOLVED, the Seneca Falls Town Board approves a \$3.00 hourly increase for Sarah Wright, Senior Account Clerk, retroactive to April 1, 2022. The hourly increase will be funded from Budget line item A1010.120.

Frank Sinicropi made a motion to amend the resolution to add - under NYS Civil Service Law, Miss Wright should be moved to provisional Principal Account Clerk at \$29.21 per hour effective April 1, 2022. Mr. Ferrara seconded the motion. No questions. Motion carried 5 ayes, 0 nays.

The above motion made by Dawn Dyson and seconded by Frank Sinicropi to adopt the above resolution approving the hourly increase for Senior Account Clerk as amended was carried 5 ayes, 0 nays.

Comprehensive Plan: Mr. Churchill mentioned that the Board talked about updating the Comprehensive Plan. Mr. Ferrara stated he reached out to CGR and MRB, requesting some ball-park numbers depending on scope and sequence. CGR did not respond, and MRB responded with \$30,000-\$40,000 for a comprehensive study with whatever consultant the Board chooses. He asked if the Board wanted to move forward now or wait until the 2023 Budget process. Mr. Churchill said he would like to move forward now because the Town is in the process of updating the Code and the Comprehensive Plan is needed as a guide. Mr. Ferrara said he would put out an RFP and present it to the Board with a resolution in June.

WHEREAS, the Town of Seneca Falls authorized the Bonadio Group to complete a detailed financial audit due to changes in the Finance Office; and

WHEREAS, there are additional professional fees that were not part of the original scope and sequence that include journal adjustments for five (5) years and a special audit of Phase II Sidewalk Project, year 2021; and

NOW, THEREFORE, BE IT RESOLVED, the Seneca Falls Town Board approves transferring \$10,000 from Budget line item A1990.400 to Budget line item A1320.400 to cover the additional professional fees associated with the detailed audit.

Mr. Ferrara stated the audit is not complete; there are some things that have to be corrected. There is a Law that states if you spend more than \$750,000 of Federal money in a calendar year, it requires an independent audit – this relates to the Sidewalk Project.

The above motion made by Frank Sinicropi and seconded by Dawn Dyson to adopt the above resolution transferring funds for Audit of Financial Records was carried 5 ayes, 0 nays.
